Water You Doing?

Moose Jaw Multicultural Council Daycare enjoyed fun in the sun, as they jumped into summer with a splash, at Crescent Park. The children participated in a late morning swim with their teachers, followed by an afternoon picnic and play. The day was a great hit for all of the children!

Motif 2009

Motif, July 10, 11, 12, 2009 was the 35th Anniversary and another huge success. Motif 2009 boasted 14 different Ethnic backgrounds with delectable food and magnificent artifacts from all native lands. Our three headliners this year were the Caribe Steel Orchestra, Crofter's Revenge, and Chung Wah Kung Fu. All three performances captivated the audience with their ethnic sounds ranging from the far off lands of the Caribbean to the mythical creations of China.

Special thank you goes out to our numerous Sponsors, Board of Directors, Group Members, Festival Assistant, and volunteers who helped with all the duties needed to make Motif 2009 another great success.

A Fond Farewell to Katimavic Volunteers

We said good bye to our two Katimavic volunteers this summer. Like other volunteers from the Katimavic program, Ben and Kate were a great help to our program and were loved by everyone. We played games, sang songs, and gave them a small gift to say thank you. Ben and Kate posted their e-mail addresses so we have been able to keep in touch with them. We wish a fond farewell to our friends.

Begna's Memories of Camping

Joan Pavier and her Ethiopian "son" Begna Shone went to Saskatchewan Landing Provincial Park, for the August long weekend, to attend an annual family camping trip. Begna was involved in all aspects of the family trip. Anything from water skiing to preparing family meals and the camp fire where everyone sat around talked, sang and enjoyed company. Begna was happy to be camping with his new found Canadian family. "What I saw was that they know and love each other and enjoyed being together. They showed me that they were glad to have me as part of their family."

CERTESL Certification

Attending the TESL 42 on-site Practicum at the University of Saskatchewan was a great opportunity. I began training at this University as a registered nurse many years ago and returning to the U of S campus to complete my CERTESL certification brought my training adventures full circle. I attended, observed, and taught classes to complete the training phase for this session. I wrote the final examination for the CERTESL certification in August. With all of the courses now complete, I will receive my Saskatchewan Council for Educators on Non English Speakers (SCENES) TESL Accreditation. I would like to thank my replacement teachers for doing a great job while I was away and my students for working hard during that time. Most importantly, thanks goes to the Moose Jaw Multicultural Council and Citizenship & Immigration Canada.
